

ANNE LORRAINE E. CARREON

Balanga City, Bataan, Philippines | P: +63 936 985 2513 | alcarreon.work@gmail.com

SUMMARY

UI/UX Designer with experience designing user-centered web and mobile interfaces through personal, academic, and internship projects. Passionate about transforming complex ideas into intuitive digital experiences using Figma, design systems, and interactive prototyping while collaborating closely with development teams.

RELEVANT EXPERIENCE

UI/UX Designer

Apr 2026 - Present

Flow – Productivity & Budget Management (*Collaborative Project*)

- Designed high-fidelity user interfaces for a productivity and budget management website, creating intuitive dashboards, forms, and workflows for task and budget management.
- Developed a scalable design system using reusable components, variants, Auto Layout, variables, and interactive states to ensure design consistency and efficient iteration.
- Created interactive prototypes and user flows to validate user interactions across key application features before development.

UI/UX Design Intern

January 2026 – April 2026

DepEd – Schools Division Office of Balanga City (ICT Unit)

Frontend Development & Graphic Design

- Redesigned the Schools Division Office website by creating high-fidelity user interface designs in Figma and developing frontend prototypes using HTML and Tailwind CSS to visualize and validate design concepts.
- Designed high-fidelity user interfaces for an Inventory Management System for the SDO's Supply Office, translating user requirements into intuitive and functional digital experience.
- Created digital and print communication materials, including social media graphics, tarpaulins, and ID lace designs using Canva, ensuring consistent visual branding across organizational initiatives.

UI/UX Designer

January 2025 – December 2025

BPSU SIKAT Technology Business Incubator Portal (*Capstone Project*)

Documentation Lead

- Designed high-fidelity user interfaces in Figma for the BPSU SIKAT Technology Business Incubator Portal, translating stakeholder requirements into intuitive and functional digital experiences.
- Collaborated with frontend and backend developers to review implemented interfaces, ensuring alignment with approved designs and intended system functionality.
- Led project documentation, visual diagrams, presentation materials, and technical reports, while developing test scripts and performing system testing to validate functionality, identify issues, and support successful project delivery.

TECHNICAL SKILLS

Design: User Interface (UI) Design, User Experience (UX) Design, Wireframing, Interactive Prototyping, User Flows, Information Architecture, Responsive Design, Design Systems, Visual Design, Graphic Design

Tools: Figma, Framer, Miro, Adobe Photoshop, Canva, Google Stitch, ChatGPT, Claude, Gemini

Frontend: HTML, CSS, Tailwind CSS, JavaScript

CERTIFICATIONS

IT Specialist – Software Development (Certiport), IT Specialist – Cybersecurity (Certiport), IT Specialist – Network Security (Certiport), IT Specialist – Device Configuration and Management (Certiport), PMI Project Management Ready™, Microsoft Office Specialist: Associate (Microsoft 365 Apps), IC3 Digital Literacy Certification GS6 Level 1 (Certiport)

EDUCATION

Bachelor of Science in Information Technology major in Network and Web Application

2022 – 2026

Bataan Peninsula State University – Main Campus

Cumulative GPA: 1.3/1.0 | President's Lister
